Question:

1. The RFP does not address how proprietary information will be protected, but requires financial statements to be submitted with the proposal. As a privately held company, our financial statements are exempt from public disclosure. Could the County please confirm that, if information marked appropriately as confidential is sought for public disclosure, the County will not disclose such information, but will notify the proposer and allow reasonable opportunity to defend the claim that such information is confidential and exempt from disclosure under the Freedom of Information Act?

We confirm that, if information marked appropriately as confidential is sought for public disclosure, Shelby County Government will not disclose such information, but will notify the proposer and allow reasonable opportunity to defend the claim that such information is confidential and exempt from disclosure under the Freedom of Information Act.

Thank you all for your cooperation.
